INDEX AND SUMMARY OF H. R. 9497

June 28, 1965	Rep. Purcell introduced H. R. 9497 which was referred to the House Agriculture Committee. Print of bill as introduced.
June 30, 1965	House committee reported H. R. 9497 without amendment. H. Report No. 571. Print of bill and report.
July 1, 1965	House passed H. R. 9497 without amendment. H. R. 9497 was referred to the Senate Agriculture and Forestry Committee. Print of bill as referred.
July 7, 1965	Senate committee reported H. R. 9497 without amendment. S. Report No. 425. Print of bill and report.
July 9, 1965	Senate passed H. R. 9497 without amendment.
July 24, 1965	Approved: Public Law 89-82.

DIGEST OF PUBLIC LAW 89-82

EXTENSION OF TIME FOR WHEAT REFERENDUM.

Amends the Agricultural Adjustment Act of 1938, as amended, to extend the time for conducting the referendum with respect to the national marketing quota for wheat for the marketing year beginning July 1, 1966, from not later than August 1, to not later than 30 days after adjournment sine die of the 1st session of the 89th Congress.

THEORY OF THE EARTH

CHAPTER I. OF THE ORIGIN OF THE EARTH.

THE EARTH, AS WE SEE IT, IS A GLOBE, OR SPHERE, OF WHICH THE SURFACE IS CURVED IN EVERY DIRECTION.

IT IS DIVIDED INTO TWO PARTS, THE NORTH AND SOUTH HALVES, BY A LINE CALLED THE EQUATOR.

THE PARTS OF THE EARTH WHICH ARE NEARER TO THE EQUATOR ARE WARMER THAN THOSE WHICH ARE FURTHER FROM IT.

THE EARTH IS COVERED WITH WATER, EXCEPT IN A FEW SPACES WHERE THERE IS LAND.

THE LAND IS DIVIDED INTO SEVERAL PARTS, CALLED CONTINENTS, ISLANDS, AND PENINSULAS.

THESE PARTS ARE SEPARATED FROM EACH OTHER BY RIVERS, MOUNTAINS, AND STRAITS.

THE EARTH IS OLD.

H. R. 9497

IN SENATE, FEBRUARY 15, 1946

READ TWICE

By Unanimous Consent, the Senate proceeded to the consideration of the bill, H. R. 9497, entitled "An Act to amend the Federal Food, Drug, and Cosmetic Act."

A BILL

To amend the law for administering the Federal Food, Drug, and Cosmetic Act, and for other purposes, and to amend the law for the enforcement of the Federal Food, Drug, and Cosmetic Act, and for other purposes.

1. That the Federal Food, Drug, and Cosmetic Act, as amended,
2. be amended to read as follows:
3. That the Federal Food, Drug, and Cosmetic Act, as amended, be amended to read as follows:
4. That the Federal Food, Drug, and Cosmetic Act, as amended, be amended to read as follows:
5. That the Federal Food, Drug, and Cosmetic Act, as amended, be amended to read as follows:
6. That the Federal Food, Drug, and Cosmetic Act, as amended, be amended to read as follows:
7. That the Federal Food, Drug, and Cosmetic Act, as amended, be amended to read as follows:

H. R. 9497

IN THE HOUSE OF REPRESENTATIVES

JUNE 28, 1965

Mr. PURCELL introduced the following bill; which was referred to the Committee on Agriculture

A BILL

To extend the time for conducting the referendum with respect to the national marketing quota for wheat for the marketing year beginning July 1, 1966.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*
3 That section 336 of the Agricultural Adjustment Act of
4 1938, as amended, is amended by adding at the end thereof
5 the following: "Notwithstanding any other provision hereof
6 the referendum with respect to the national marketing quota
7 for wheat for the marketing year beginning July 1, 1966,
8 may be conducted not later than thirty days after adjourn-
9 ment sine die of the first session of the Eighty-ninth Con-
10 gress."

A BILL

To extend the time for conducting the referendum with respect to the national marketing quota for wheat for the marketing year beginning July 1, 1966.

By Mr. PURCELL.

HIGHLIGHTS: House passed housing bill. Senate Committee voted to report USDA appropriation bill. House committee reported bill to postpone wheat referendum.

HOUSE

1. HOUSING LOANS. Passed, 245-169, with amendments H. R. 7984, the housing and urban development bill (pp. 14669-714). Agreed to an amendment by Rep. Hagen, Calif., to increase from 2,500 to 5,500 the population of a community which may be eligible for rural home loans through the Farmers Home Administration (pp. 14704-5). Title IX of the bill would provide a new \$300,000,000-per-year program of insured housing loans under the Farmers Home Administration in rural areas.
2. WHEAT. The Agriculture Committee reported without amendment H. R. 9497, to extend until not later than 30 days after adjournment of the current session of Congress the date for conducting the referendum with respect to the national marketing quota for wheat for the marketing year beginning July 1, 1966 (H. Rept. 571). p. 14764

3. EXPORT CONTROL. Concurred in the Senate amendments to H. R. 7105, to continue the Export Control Act for 4 years. This bill will now be sent to the President. p. 14716
4. SALT-WATER RESEARCH. The Interior and Insular Affairs Committee voted to report (but did not actually report), amended, H. R. 7092, to expand, extend, and accelerate the saline water conversion program of the Interior Department. p. D600
5. PUERTO RICO. The Interior and Insular Affairs Committee voted to report (but did not actually report) S. 2154, to amend the act establishing the Commission on the Status of Puerto Rico. p. D600
6. WATER RESOURCES. The conferees agreed to file (but did not actually file) a report on S. 21, the proposed Water Resources Planning Act. p. D601
7. TAXATION. The Judiciary Committee submitted a report on "State taxation of interstate commerce" (H. Rept. 565). p. 14764
8. D. C. APPROPRIATION BILL. Received the conference report on this bill, H. R. 6453 (H. Rept. 568). pp. 14762-3
9. BEEF EXPORTS. Rep. Olsen, Mont., reviewed and commended the efforts of producers, this Department, and others, to increase beef exports, stating that beef does not get its share of our export market. pp. 14761-2
10. FOREIGN AID. Rep. Ryan objected to wheat aid to Egypt. p. 14738
11. LABOR STANDARDS. Rep. Roosevelt inserted responses given the subcommittee by the Labor Department in the course of hearings on amendments to the Fair Labor Standards Act including data on wages paid for work relating to agriculture. pp. 14724-8
12. TARIFFS. Rep. Sikes spoke in favor of his bill to amend the Trade Expansion Act, stating that we should reshape our trade policy to support the better health of our economy. pp. 14738-9

SENATE

13. AGRICULTURAL APPROPRIATION BILL, 1966. The "Daily Digest" states that the Appropriation Committee voted to report (but did not actually report) this bill H. R. 8370. p. D597
14. APPROPRIATIONS. The Appropriations Committee reported with amendments H. R. 7997 the independent offices appropriations bill, 1966, (S. Rept. 384). p. 14790
15. TRANSPORTATION. Passed as reported S. 1098, to amend the Interstate Commerce Act to insure the adequacy of the national railroad freight car supply (pp. 14827-9). This bill was earlier reported with amendment (S. Rept. 386) (p. 14790).
The Commerce Committee reported with amendments S. 1727, to provide for strengthening and improving the national transportation system (S. Rept. 387). p. 14791

EXTEND TIME FOR WHEAT REFERENDUM

JUNE 30, 1965.—Committed to the Committee of the Whole House on the State of the Union and ordered to be printed

Mr. COOLEY, from the Committee on Agriculture, submitted the following

R E P O R T

[To accompany H.R. 9497]

The Committee on Agriculture, to whom was referred the bill (H.R. 9497) to extend the time for conducting the referendum with respect to the national marketing quota for wheat for the marketing year beginning July 1, 1966, having considered the same, report favorably thereon without amendment and recommend that the bill do pass.

PURPOSE OF THE BILL

The purpose of this bill is to extend from August 1, 1965, until 30 days after adjournment sine die of the 1st session of the 89th Congress the time within which the Secretary of Agriculture is required by law to conduct a referendum with respect to the 1966 crop of wheat, if marketing quotas are to be in effect for that crop.

NEED FOR THE LEGISLATION

The wheat program in effect for 1965 and the program being considered by the Committee on Agriculture for the following 4 years are both voluntary programs which require no referendum by producers on marketing quotas.

If, for any reason, the voluntary aspect of the wheat program is not continued, however, the marketing quota provisions of the 1938 act will come into effect and the Secretary will be required to proclaim wheat marketing quotas for 1966. As part of the quota procedure, present provisions of law require that a referendum be held on the proposed marketing quota not later than August 1 of the preceding year.

If, as the committee anticipates, a voluntary wheat program is authorized for 1966 and succeeding years, the proclamation of quota and the referendum will not be necessary.

COST

Enactment of this bill will save the Department of Agriculture the cost of preparing for and conducting a probably unnecessary referendum of wheat farmers.

DEPARTMENTAL APPROVAL

Following is the letter from the Under Secretary of Agriculture recommending the enactment of this bill:

JUNE 30, 1965.

HON. HAROLD D. COOLEY,
Chairman, House Agriculture Committee.

DEAR MR. CHAIRMAN: This is in response to your telephonic request of this afternoon for a report on H.R. 9497, a bill to extend the time for conducting the referendum with respect to the national marketing quota for wheat for the marketing year beginning July 1, 1966.

H.R. 9497 would extend the time for conducting the referendum with respect to the national marketing quota for wheat for the marketing year beginning July 1, 1966, from not later than August 1, as specified under existing law, to not later than 30 days after adjournment sine die of the 1st session of the 89th Congress.

Unless the date for the referendum for the 1966 wheat crop is extended, the Secretary of Agriculture has no alternative but to establish a referendum date and do so within the next few days. In addition to setting a date for the referendum, the Secretary would be obligated to take a number of other actions associated with conducting the referendum. These would include issuing instructions, establishment of polling places, printing of ballots, mailings to farmers, etc. Such actions would obviously result in considerable expense that will be avoided by the passage of H.R. 9497. In addition, prompt passage will avoid a great amount of misunderstanding and confusion among farmers, farm related businesses, and the general public.

Action on H.R. 9497 will in no way impede or interfere with the deliberations of the Congress with respect to new wheat legislation. Instead, it gives the Congress the opportunity of holding careful deliberations on new wheat legislation.

If new legislation is enacted, it would, in all probability, negate the need for holding the referendum for the 1966 crop.

On the other hand, if no new legislation is adopted, the referendum would be held within 30 days after the adjournment sine die of this session of the 89th Congress.

In light of the above, we urge prompt and favorable action.

In view of the lack of time involved in complying with your request for this report, this report has not been cleared with the Bureau of the Budget.

Sincerely,

JOHN A. SCHNITTKER, *Under Secretary.*

CHANGES IN EXISTING LAW

In compliance with clause 3 of rule XIII of the Rules of the House of Representatives, changes in existing law made by the bill are shown as follows (existing law proposed to be omitted is enclosed in black brackets, new matter is printed in *italic*, and existing law in which no change is proposed is shown in roman):

AGRICULTURAL ADJUSTMENT ACT OF 1938, AS AMENDED

* * * * *

REFERENDUM

SEC. 336. If a national marketing quota for wheat for one, two, or three marketing years is proclaimed, the Secretary shall, not later than August 1 of the calendar year in which such national marketing quota is proclaimed, conduct a referendum, by secret ballot, of farmers to determine whether they favor or oppose marketing quotas for the marketing year or years for which proclaimed. Any producer who has a farm acreage allotment shall be eligible to vote in any referendum held pursuant to this section, except that a producer who has a farm acreage allotment of less than fifteen acres shall not be eligible to vote unless the farm operator elected pursuant to section 335 to be subject to the farm marketing quota. The Secretary shall proclaim the results of any referendum held hereunder within thirty days after the date of such referendum, and if the Secretary determines that more than one-third of the farmers voting in the referendum voted against marketing quotas, the Secretary shall proclaim that marketing quotas will not be in effect with respect to the crop of wheat produced for harvest in the calendar year following the calendar year in which the referendum is held. If the Secretary determines that two-thirds or more of the farmers voting in a referendum approve marketing quotas for a period of two or three marketing years, no referendum shall be held for the subsequent year or years of such period. *Notwithstanding any other provision hereof the referendum with respect to the national marketing quota for wheat for the marketing year beginning July 1, 1966, may be conducted not later than thirty days after adjournment sine die of the first session of the Eighty-ninth Congress.*

HIGHLIGHTS: House passed bill to postpone wheat referendum. House received conference report on cigarette labeling bill.

HOUSE

1. WHEAT. Passed without amendment H. R. 9497, to permit postponement of the wheat referendum until 30 days after the current session of Congress ends. p. 14956
2. CIGARETTE LABELING. Received the conference report on S. 559, the cigarette labeling bill (H. Rept. 586). pp. 14951-2
3. D. C. APPROPRIATION BILL. Agreed to the conference report on this bill, H. R. 6453. pp. 14953-6
4. WATER SHORTAGE. Rep. McCarthy suggested diversion of Hudson-Bay bound rivers into the Great Lakes, and Rep. Resnick recommended his bill, H. R. 9459, authorizing loans, etc., to relieve the water shortage. pp. 14957, 14978
5. HOUSING. Rep. Perkins spoke in favor of grants for rural housing and inserted

an article, "The Rural Housing Grant Program: A History of Its Accomplishment." pp. 14963-5

6. EDUCATION. The Education and Labor Committee reported with amendment H. R. 9022, to amend the law authorizing aid to education in Federally impacted areas (H. Rept. 587). p. 14982
7. LEGISLATIVE PROGRAM. The majority leader announced that there will be no business today and that the House will adjourn until Tues., when the voting-rights bill will be taken up. p. 14950

SENATE

8. RECLAMATION. Pursuant to a motion by Sen. Ellender (June 25) to reconsider the passage of S. 602, to amend the Small Reclamation Projects Act of 1956, the bill was recalled and passed after adopting an amendment by Sen. Mansfield to delete language in the bill with respect to computation of interest rates on projects already constructed (pp. 14922-3). See Digest 115 for other provisions of the bill.
A subcommittee of the Interior and Insular Affairs Committee approved for full committee consideration with amendments S. 34, authorizing the Garrison diversion unit of the Missouri River Basin project; and S. 1088, authorizing the Touchet division, Walla Walla project, Ore. and Wash. p. D603
9. RICE. Received a Calif. Legislature resolution urging Congress "to restore and continue the financial support of the rice research program." pp. 14893-4
10. ANIMAL DISEASE. Received a Calif. Legislature resolution urging Congress "to construct an animal-proof fence along the international border between the United States and Mexico in California...in order to eliminate the crossing of the border by rabid animals" p. 14894
11. 4-H CLUB WORK. Sen. Stennis inserted a Kans. 4-H Foundation citation to Sen. Carlson in recognition of his service to 4-H Club youth work. pp. 14899-900
12. SCHOOL LUNCH. Sen. Hart stated that he intended to submit an amendment to the USDA appropriation bill to "restore \$2 million cut by the House--money which would add to the school lunch program special help for schools in acutely needy areas." pp. 14903-5
13. FOREIGN AID. Sen. Gruening inserted an editorial critical of the lifting of suspension on aid to Egypt. pp. 14910-11
14. FARM LABOR. Sen. Williams, N. J., inserted articles and letters which he stated he hoped would "put to rest the myth that the rise in food prices is attributable to the ending of the importation of foreign workers or a lack of American farmworkers to harvest our Nation's crops." pp. 14911-14
15. STRIP MINING. Sen. Nelson inserted an article, "Kentucky Strip Mining: Mountaineers Say It Kills Their Land." pp. 14914-15
16. NATURAL RESOURCES. Sen. Moss discussed the importance of conserving our natural resources listing the role of the various agencies of this Department. pp. 14924-30

ing the motions which he will make in connection with this conference report.

Mr. GROSS. Mr. Speaker, will the gentleman yield?

Mr. NATCHER. I yield to the gentleman from Iowa.

Mr. GROSS. I would like to ask one of my favorite questions in connection with a District of Columbia appropriation bill.

Was there any money put in this bill in conference to further subsidize the District of Columbia Stadium?

Mr. NATCHER. There were no additional funds added for that purpose, but I want the gentleman to know for the District of Columbia you will find under the appropriation, "Repayment of loans and interest," \$831,600, together with a \$10,900 payment on interest on the District of Columbia Stadium bonds.

As the gentleman knows, none of the bonds have been retired, and the interest payment due each year is \$831,600. The Board of Commissioners is forced to borrow this money from the U.S. Treasury each year—that is, \$831,600—and in addition to that sum they have to repay \$10,900 interest on interest.

Mr. GROSS. This is the financing operation which Members of the House of Representatives were told would cost the Federal taxpayers nothing. We were assured that at no time in the future would the Federal taxpayers be called upon to finance construction of the stadium.

Mr. NATCHER. The gentleman is entirely correct. I recall distinctly I was on the floor when the gentleman from Iowa propounded certain questions concerning the value of the stadium and the cost of the stadium. At that time we were led to believe this stadium would cost from \$6 million to \$8 million. The stadium cost a little over \$20 million. Now they are paying \$831,600 in interest on the bonds. None of the bonds have been retired up to this date.

Mr. GROSS. One other question:

I would like to ask the gentleman, does he know the per-day patient cost for indigents at the Children's Hospital, whether it is \$40 a day, and if so, why \$6 per day more than the \$34 at other Washington hospitals?

Mr. NATCHER. The conference report, I may say to the gentleman, provides for a \$40-per-diem payment to Children's Hospital with the other hospitals receiving \$34 a day. The other body increased the \$34 which we had in our bill to \$36. We refused to yield, and the figure was put back to \$34 for all contract hospitals with the exception of Children's Hospital. I may say to the gentleman I think we did right as far as this one contract hospital is concerned. Here we have a nonprofit institution that is losing money every year; that has to take all of the overflow from the District of Columbia General Hospital to Children's Hospital. These are indigent patients. I have been out to this hospital, and it touches your heart to see the children out there. We believe that this increase for this one hospital is proper in every respect. But we would not yield on the others.

Mr. GROSS. I thank the gentleman from Kentucky for his explanations to both questions.

Mr. O'KONSKI. Mr. Speaker, will the gentleman yield?

Mr. NATCHER. I am delighted to yield to the distinguished gentleman from Wisconsin.

Mr. O'KONSKI. I think the attention of the House should be brought to the fact that this is not the only appropriation of money or the spending of money. This does not finish the fiscal problem for the District of Columbia because very shortly there is going to come before this House a \$483 million bill to start a subway system in the Nation's Capital. Under the bill the District of Columbia is going to be asked to provide \$50 million as a grant and the Federal Government \$100 million. I would like to ask the distinguished gentleman from Kentucky, if this bill is passed is there any money that the District of Columbia has by which they could pay this \$50 million grant?

Mr. NATCHER. I would say to the gentleman that the District of Columbia does not have any funds on hand at this time for that purpose. The \$50 million would have to come out of tax moneys derived here in the District of Columbia, out of the Federal payment, and from other sources.

I want to say I appreciate the gentleman directing this question to me at this time and further I would like for the gentleman to know that here in the District of Columbia there may be a place for both a rapid transit system and the highway system that we now have underway. But our committee under no circumstances is willing to permit those advocates of a rapid transit system to stop the highway program in this city just to see that the District of Columbia gets a rapid transit system.

The gentleman has been here longer than I have and I am sure that the gentleman on many occasions has seen a lot of projects authorized where funds were never appropriated.

Mr. O'KONSKI. I am glad to hear the gentleman take that stand because every Member of the House ought to acquaint himself with this bill that is going to come before the House very shortly. If you will read the Washington Star of a couple of days ago, it bears out the fact; and remember this is just the first bite of a possible \$3 billion subway system in the Nation's Capital to be paid for by the taxpayers all over the country, and I admonish the House and warn you to take a good look at that bill because it will be before this House very shortly, and the time will come, if this bill passes, when the taxpayers of the United States are just going to support the Nation's Capital and their transit system.

Mr. NATCHER. Mr. Speaker, at this time I yield to the distinguished gentleman from Connecticut, a member of our subcommittee and another great Member of the House [Mr. GAIAMO].

Mr. GAIAMO. Mr. Speaker, I rise in support of this appropriation measure. I believe it represents a diligent effort of all the members of the subcommittee and of all the conferees on both sides of the

aisle to meet the pressing needs of the District government. I believe it will accomplish the job of conducting the business of the District of Columbia for the coming year.

It does not represent all of the moneys asked for but it represents what we thought to be an adequate amount with which the District officials can complete their job of conducting the government. We think they could make progress in many areas, particularly the area of education.

We have not appropriated all of the moneys requested for new schools, but we do have a substantial number and we are making great progress in replacing some of the old, outmoded schools with new and efficient schools.

However, there is one particular item that I believe should be brought to the attention of the House and about which I feel very strongly and I know many of the Members do. That is the item of aid to dependent children of unemployed parents. For 2 years now the House has passed this legislation authorizing and enabling the District of Columbia to set up this program as it exists in many of the other cities in the United States.

For 2 years this appropriation and this item has been deleted by the other body. As is well known here to the Members of the House, this past year there was considerable controversy over this item in the other body and there was a close vote on it. But the program was deleted from the appropriation bill. There is an innovation this year, however, and that is that the other body instituted in its place an amendment or as an attempt to meet the problem with a new approach and one concerning which I am not fully convinced, but one about which I am reasonably hopeful, to wait a year or so and see how it works, and that is to try to resolve this problem of assisting the children of unemployed parents through title V of the economic opportunities act, the poverty program.

There is in the bill as adopted by the conferees an authorization to engage in this method, which would mean that these children could be helped through grants under the poverty program.

What concerns me is that families and children in this category would qualify in a more stringent manner than under the usual welfare provisions which the House had in the original bill. For example, it would have to be tied to training. It would have to be tied to a specific period of time. This concerns me.

I repeat, I am not convinced that the program will work in this manner. However, I believe we should watch this program very carefully during the next year. If we see that it does not solve the problem, if we find that children of unemployed parents are not taken care of this year, then this House should make greater efforts next year to make certain that we initiate in the District of Columbia a program to help children of unemployed parents. I believe this has been much too long in coming. Frankly, I do not consider it proper not to deny

the program in the District of Columbia when it is available in many other major cities of the Nation.

Mr. NATCHER. Mr. Speaker, I yield to the distinguished gentleman from Iowa [Mr. SMITH] another able member of the committee.

Mr. SMITH of Iowa. Mr. Speaker, I noticed in the morning newspaper a little statement by Superintendent Hanson to the effect that a new Takoma elementary school and an addition to Beers elementary were the most vital needs in the school budget.

It is rather interesting that at this time the superintendent of schools comes forward and indicates which are the highest priorities. During the course of the hearings, time after time after time, the chairman of the committee asked the Superintendent of Schools to state which items were the most important, and he failed to take the responsibility at that time. He would not indicate which items were most important and should have the highest priority.

As an attorney for school boards, I sat in on hundreds of school board meetings where school boards would be making up budgets. They would call in the administrative officers. They would ask them for the highest priorities in a long list of items submitted. I have never once seen those school administrators fail to make decisions and exercise responsibility in this respect.

Unless the school superintendent here is willing to come into these meetings, and tell us what the highest priorities are, he will not be doing his job. He will not be fair with the citizens and children of the District of Columbia. We need the advice at the right time as to what are the highest priority needs.

There is one other item I would like to call to the attention of the House. We are appropriating this year again a considerable sum of money for school buildings in which we know air conditioning will later be placed. For several years, school districts around the United States have been building air-conditioned buildings. It has been found that if the building is designed a certain way at the time it is built, it does not cost any more to build an air-conditioned building than one which is not air conditioned.

Those in charge here have failed to come up with plans and specifications of this nature. Now we are building buildings not designed for air conditioning. Later we will put air conditioning in them. Not only will it cost more money for the building, but in addition this will cost more each year to operate the air conditioning, because there will be too much wall space, too much window space and less efficiency.

One way to approach this problem is not to appropriate any money for school buildings for 1 year, to place pressure on them to come in with the kind of plans needed. This committee dislikes going that far, but I believe the people of the District of Columbia should know they are not getting as much as they should for the dollar, because the school administrators are failing to come in with better plans for these schools.

Mr. GROSS. Mr. Speaker, will the gentleman yield?

Mr. SMITH of Iowa. I yield to the gentleman from Iowa.

Mr. GROSS. I can agree with much the gentleman has said. As I understand it, there is some \$10 million to go into the school system of the District of Columbia, which is not included in this bill, to be made available for the so-called impacted area school aid. I would hope that the subcommittee which handles that appropriation would insist the spending of the \$10 million be as carefully scrutinized as does this subcommittee and in the same way this subcommittee is looking to the future.

Mr. SMITH of Iowa. The gentleman is quite right. There is \$9.9 million that the District will be able to spend on schools that is not in this budget due to the fact that it comes directly to the school district from other sources and other funds. We are hopeful, however, that in future years this can be coordinated so that we will have some way to have closer and more effective coordination with the spending of that money.

Mr. NATCHER. Mr. Speaker, I move the previous question on the conference report.

The previous question was ordered.

The conference report was agreed to.

A motion to reconsider was laid on the table.

The SPEAKER pro tempore (Mr. ALBERT). The Clerk will report the first amendment in disagreement.

The Clerk read as follows:

Senate amendment No. 9: Page 6, line 3, insert:

"Section 301, subsection (c) of the Dual Compensation Act (78 Stat. 488) shall not apply to compensation received by teachers of the public schools of the District of Columbia for employment in a civilian office during the period July 1, 1965, to August 28, 1965."

Mr. NATCHER. Mr. Speaker, I offer a motion.

The Clerk read as follows:

Amendment numbered 9: Mr. NATCHER moves that the House recede from its disagreement to the amendment of the Senate numbered 9 and concur therein.

The SPEAKER. The question is on the motion offered by the gentleman from Kentucky.

The motion was agreed to.

A motion to reconsider the vote by which action was taken on the motion was laid on the table.

GENERAL LEAVE TO EXTEND

Mr. NATCHER. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to extend their remarks on the conference report just approved.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Kentucky?

There was no objection.

CORRECTION OF THE RECORD

Mr. NATCHER. Mr. Speaker, I note a printing error in the statement of the managers on the conference report just

adopted as it appears on page 14763 of the CONGRESSIONAL RECORD. Under amendments Nos. 3 and 4 the number of passenger motor vehicles which are for police-type use should be 98 instead of 93 and I ask unanimous consent that the permanent RECORD be corrected accordingly.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Kentucky?

There was no objection.

EXTEND TIME FOR REFERENDUM WITH RESPECT TO NATIONAL MARKETING QUOTA FOR WHEAT

Mr. PURCELL. Mr. Speaker, I ask unanimous consent that the Committee of the Whole House on the State of the Union be discharged from further consideration of the bill (H.R. 9497) to extend the time for conducting the referendum with respect to the national marketing quota for wheat for the marketing year beginning July 1, 1966, and ask for its immediate consideration.

The Clerk read the title of the bill.

The SPEAKER pro tempore. Is there objection to the present consideration of the bill?

There was no objection.

The Clerk read the bill, as follows:

H.R. 9497

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 336 of the Agricultural Adjustment Act of 1938, as amended, is amended by adding at the end thereof the following: "Notwithstanding any other provision hereof the referendum with respect to the national marketing quota for wheat for the marketing year beginning July 1, 1966, may be conducted not later than thirty days after adjournment sine die of the first session of the Eighty-ninth Congress."

The bill was ordered to be engrossed and read a third time, was read the third time, and passed, and a motion to reconsider was laid on the table.

THE EFFECTS OF AN UNWISE AND UNWARRANTED GOVERNOR'S VETO

(Mr. CAREY asked and was given permission to address the House for 1 minute and to revise and extend his remarks and include an editorial from the New York Herald Tribune.)

Mr. CAREY. Mr. Speaker, within a few legislative days the House will be considering the extension of the poverty program on which my committee, the Committee on Education and Labor, and the ad hoc committee on which I have been serving have been working for some years. I think that the House in its wisdom should look today to the front page of the New York Herald Tribune and see what can be the effect of an unwise and unwarranted Governor's veto.

This was more than a veto. The Governor of New York did a stomp on the poverty bill in our city. The city of New York stands to receive \$18.1 million, the largest grant in the country, under this bill. But the Governor, by his 11th-hour veto of a piece of legislation designed to effect this grant did nothing more than simply leave the city hapless and fund-

HIGHLIGHTS: Senate committee reported bill to postpone wheat referendum. Sen. McGovern urged expanded food for peace program.

SENATE

1. WHEAT. The Agriculture and Forestry Committee reported without amendment H. R. 9497, to permit postponement of the wheat referendum until 30 days after the current session of Congress ends (S. Rept. 425). p. 15200
2. HEALTH. Continued debate on H. R. 6675, to provide a hospital insurance program for the aged under the Social Security Act with a supplementary health benefits program and an expanded program of medical assistance, to increase benefits under the Old-Age, Survivors, and Disability Insurance System, etc. pp. 15221-39, 15240-3, 15249-55, 15263-8, 15270-9
3. WATERSHEDS. The Agriculture and Forestry Committee approved plans for improvement on the following watershed projects: Crooked Creek, Ala.; Haney Creek, Ark., Upper Crooked Creek, Ark.; Muddy Fork of Silver Creek, Ind.; Assunpink

Creek, N. J.; St. Thomas-Lodema, N. Dak.; Buffalo Creek, O.; and Cub Creek, Nebr. p. D617

4. FOOD-FOR-PEACE. Sen. McGovern urged an expansion of the food-for-peace program and inserted an article stating that the "administration is seriously considering the possibility of using American agricultural productive capacity to meet world food needs." pp. 15279-80
5. APPROPRIATIONS. Sen. Hart submitted an amendment intended to be proposed to H. R. 8370, the agricultural appropriation bill for fiscal 1966. p. 15210
At the request of Sen. Mansfield, passed over H. R. 7997, the independent offices appropriation bill for fiscal 1966. p. 15196
6. TRANSPORTATION. At the request of Sen. Mansfield, passed over S. 1727, the omnibus transportation bill. p. 15196
7. HOUSING. Sen. Tower submitted amendments intended to be proposed to S. 2213, the housing and urban development bill. p. 15210
8. WATER POLLUTION. Sen. Boggs urged stricter control of water pollution at Federal installations and inserted an article on the subject. pp. 15213-4
9. SOIL AND WATER CONSERVATION. Sen. Mondale inserted his testimony before the Agriculture Subcommittee, Appropriations Committee, in support of additional funds for SCS soil and water conservation activities. pp. 15216-7
10. FARM CREDIT. Sen. Kuchel commended the Farm Credit Administration and the banks for cooperatives in aiding the nation's farmers, particularly in Calif. p. 15240
11. ECONOMIC OPPORTUNITY. Sen. Allott criticized a television broadcast on the work of the Office of Economic Opportunity. pp. 15243-6
12. ELECTRIFICATION. Sen. Miller praised the rural electric cooperatives in Iowa and inserted an article. pp. 15246-7
Sen. Thurmond charged that Secretary of the Interior Udall was attempting to "have the FPC deny the Duke Power Co., a license to construct a \$700 million electric power complex" in S. C. and inserted several items on the matter. pp. 15255-63
13. FOREIGN TRADE. Sen. Miller inserted an article expressing concern over possible adverse effects of recent actions of the European Common Market on foreign trade, particularly in agricultural commodities. pp. 15248-9

HOUSE

14. SALINE WATER RESEARCH. The Interior and Insular Affairs Committee reported with amendments H. R. 7092, to expand, extend, and accelerate the saline water water conversion program (H. Rept. 594). p. 15193
15. HIGHWAYS. The Public Works Committee reported with amendment H. R. 6790, to increase the limitation on emergency relief for the repair or reconstruction of certain highways (H. Rept. 596). p. 15193

EXTEND TIME FOR WHEAT REFERENDUM

JULY 7, 1965.—Ordered to be printed

Mr. YOUNG of North Dakota, from the Committee on Agriculture and Forestry, submitted the following

R E P O R T

[To accompany H.R. 9497]

The Committee on Agriculture and Forestry, to whom was referred the bill (H.R. 9497), to extend the time for conducting the referendum with respect to the national marketing quota for wheat for the marketing year beginning July 1, 1966, having considered the same, report thereon with a recommendation that it do pass without amendment.

This bill would extend from August 1, 1965, until 30 days after adjournment sine die of the 1st session of the 89th Congress the time within which the Secretary of Agriculture is required by law to conduct a marketing quota referendum with respect to the 1966 crop of wheat.

The Agricultural Act of 1964 provided for voluntary wheat marketing certificate programs in 1964 and 1965. In the absence of further legislation the law providing for mandatory marketing quotas will be applicable to the 1966 crop, and marketing quotas for that crop have been proclaimed and must be submitted to a producer referendum not later than August 1, 1965. However, both the Committee on Agriculture and Forestry of the Senate and the House Committee on Agriculture are actively considering bills providing for voluntary programs, and passage of any of these bills would make the referendum unnecessary. Passage of the bill could therefore result in avoidance of an unnecessary referendum, the costs attendant thereto, and the confusion which might well result therefrom.

Following is the letter from the Under Secretary of Agriculture recommending the enactment of this bill:

JUNE 30, 1965.

HON. HAROLD D. COOLEY,
Chairman, House Agriculture Committee.

DEAR MR. CHAIRMAN: This is in response to your telephonic request of this afternoon for a report on H.R. 9497, a bill to extend the time for conducting the referendum with respect to the national

marketing quota for wheat for the marketing year beginning July 1, 1966.

H.R. 9497 would extend the time for conducting the referendum with respect to the national marketing quota for wheat for the marketing year beginning July 1, 1966, from not later than August 1, as specified under existing law, to not later than 30 days after adjournment sine die of the 1st session of the 89th Congress.

Unless the date for the referendum for the 1966 wheat crop is extended, the Secretary of Agriculture has no alternative but to establish a referendum date and do so within the next few days. In addition to setting a date for the referendum, the Secretary would be obligated to take a number of other actions associated with conducting the referendum. These would include issuing instructions, establishment of polling places, printing of ballots, mailings to farmers, etc. Such action would obviously result in considerable expense that will be avoided by the passage of H.R. 9497. In addition, prompt passage will avoid a great amount of misunderstanding and confusion among farmers, farm related businesses, and the general public.

Action on H.R. 9497 will in no way impede or interfere with the deliberations of the Congress with respect to new wheat legislation. Instead, it gives the Congress the opportunity of holding careful deliberations on new wheat legislation.

If new legislation is enacted, it would, in all probability, negate the need for holding the referendum for the 1966 crop.

On the other hand, if no new legislation is adopted, the referendum would be held within 30 days after the adjournment sine die of this session of the 89th Congress.

In light of the above, we urge prompt and favorable action.

In view of the lack of time involved in complying with your request for this report, this report has not been cleared with the Bureau of the Budget.

Sincerely,

JOHN A. SCHNITTKER, *Under Secretary.*

CHANGES IN EXISTING LAW

In compliance with subsection (4) of rule XXIX of the Standing Rules of the Senate, changes in existing law made by the bill, as reported, are shown as follows (existing law proposed to be omitted is enclosed in black brackets, new matter is printed in *italic*, existing law in which no change is proposed is shown in *roman*):

AGRICULTURAL ADJUSTMENT ACT OF 1938, AS AMENDED

* * * * *

REFERENDUM

SEC. 336. If a national marketing quota for wheat for one, two, or three marketing years is proclaimed, the Secretary shall, not later than August 1 of the calendar year in which such national marketing quota is proclaimed, conduct a referendum, by secret ballot, of farmers to determine whether they favor or oppose marketing quotas for the marketing year or years for which proclaimed. Any producer who has a farm acreage allotment shall be eligible to vote in any referendum held pur-

suant to this section, except that a producer who has a farm acreage allotment of less than fifteen acres shall not be eligible to vote unless the farm operator elected pursuant to section 335 to be subject to the farm marketing quota. The Secretary shall proclaim the results of any referendum held hereunder within thirty days after the date of such referendum, and if the Secretary determines that more than one-third of the farmers voting in the referendum voted against marketing quotas, the Secretary shall proclaim that marketing quotas will not be in effect with respect to the crop of wheat produced for harvest in the calendar year following the calendar year in which the referendum is held. If the Secretary determines that two-thirds or more of the farmers voting in a referendum approve marketing quotas for a period of two or three marketing years, no referendum shall be held for the subsequent year or years of such period. *Notwithstanding any other provision hereof the referendum with respect to the national marketing quota for wheat for the marketing year beginning July 1, 1966, may be conducted not later than thirty days after adjournment sine die of the first session of the Eighty-ninth Congress.*

HIGHLIGHTS: House committee approved new cotton bill. Senate passed bill to postpone wheat referendum.

SENATE

1. WHEAT. Passed without amendment H. R. 9497, to permit postponement of the wheat referendum until 30 days after the current session of Congress ends. This bill will now be sent to the President. p: 15589
2. HEALTH. By a vote of 68 to 21, passed with amendments H.R. 6675, to provide a hospital insurance program for the aged under the Social Security Act with a supplementary health benefits program and an expanded program of medical assistance, to increase benefits under the Old-Age, Survivors, and Disability Insurance System, etc. Conferees were appointed. pp. 15499-15586

3. TRANSPORTATION. Passed with an amendment H. R. 5401, to amend the Interstate Commerce Act so as to strengthen and improve the national transportation system, after substituting the language of a similar bill, S. 1727. Consideration of S. 1727 was indefinitely postponed. As passed the bill includes provisions as follows: Authorizes the ICC to enter into cooperative agreements with the States to enforce State and Federal economic and safety laws relating to highway transportation. Provides for the establishment of standards for the registration within the States of certificates and permits issued to motor carriers by ICC. Requires motor carriers and freight forwarders to pay reparations to shippers charged unlawfully high rates. pp. 15586-9
4. PUBLIC LANDS. A subcommittee of the Interior and Insular Affairs Committee voted to report to the full committee: S. 1764, with amendment, to authorize the acquisition of certain lands within the boundaries of the Uinta National Forest, Utah; and S. 1190, to provide that certain limitations shall not apply to certain land patented to Alaska for the use and benefit of the State. p. D629
A subcommittee of the Interior and Insular Affairs Committee voted to report to the full committee without recommendation S. 625, to authorize the sale of isolated or disconnected tracts of land. p. D629
5. LEGISLATIVE APPROPRIATION BILL, 1966. This bill, H. R. 8775, was made the unfinished business. p. 15589
6. FARM PROGRAM. Sen. Nelson submitted amendments intended to be proposed to S. 1702, the farm bill, to provide a federally funded and State-administered program of wildlife service payments for farmers who retire cropland for five years or more to manage the land for wildlife production and recreation, and to establish a permanent advisory committee to the Secretary of Agriculture to make recommendations annually on wildlife and recreation aspects of the farm program. pp. 15607-9
7. PERSONNEL; PAY. Received the report of the Joint Committee on Reduction of Nonessential Federal Expenditures on Federal employment and pay for May 1965. pp. 15591-5
8. STOCKPILE. Received the report of the Joint Committee on Nonessential Federal Expenditures on Federal stockpile inventories as of April 1965, including CCC commodities. pp. 15595-604
9. LEGISLATIVE PROGRAM. Sen. Mansfield announced that the legislative branch appropriation bill will be considered on Mon., followed by consideration of the independent offices appropriation bill, the agricultural appropriation bill, and the housing and urban development bill. pp. 15589-90
10. ADJOURNED until Mon., July 12. p. 15637

HOUSE

11. COTTON. The "Daily Digest" states that the Agriculture Committee "approved H. R. 9715 (amended, a clean bill in lieu of H. R. 9414), the cotton bill." p. D 630
12. LANDS. A subcommittee of the Interior and Insular Affairs Committee voted to report to the full committee H. R. 5984 (amended), to amend R.S. 2275 and 2276, with respect to certain lands granted to the States. p. D630

included in the bill to prevent harassment.

MR. LAUSCHE. Section 4(2) contemplates giving to injured parties an action at law against private carriers who have usurped powers that do not belong to them. An injured party can go into court and file an action asking for injunctive relief. When he does so, he must prove, first, that the defendant has been a patent and open violator of the law. Before the court can grant injunctive relief, the plaintiff must show as a matter of jurisdiction that there has been a clear and patent violation; second, the plaintiff must post a bond adequate to indemnify for damages, attorney's fees and court costs in the event the defendant is held to be in the right at the end of the action.

Over and above that, the members of the Interstate Commerce Commission finally included in the bill a provision that whenever an action of this type is brought in a court, the members of the Interstate Commerce Commission may intervene and ask the court to suspend the proceedings so as to allow the Commission to handle the matter in the normal processes.

To summarize: First, the plaintiff must show that there is a clear and patent violation before the court can take jurisdiction.

Second, the plaintiff, before he can obtain injunctive relief, must post a bond guaranteeing to indemnify the defendant for damages sustained, the attorneys fees paid, and court costs entailed.

Third, to keep the subject within the old proceedings, the Interstate Commerce Commission may intervene in the lawsuit and ask that the proceedings be suspended so as to allow the Commission to handle the matter in the normal processes.

MR. THURMOND. Mr. President, I thank the Senator from Ohio for his assurances. I think that makes the record clear on this subject.

MR. MAGNUSON. Mr. President, will the Senator yield?

MR. LAUSCHE. I wish to commend the chairman of the committee for his active participation in this matter.

MR. MAGNUSON. I asked the Senator from Ohio to yield so that I could commend him for his fine work in holding these hearings, which involved a very serious matter in transportation. The real backbone, the strength of our transportation system in this country, is the common carrier. What we have tried to do under all the laws of the United States that we have passed, from the Motor Carrier Act on, is to allow the common carrier to proceed in the pursuit of his business without interference from the illegal carrier in what has been termed the gray area in transportation.

The Senator from Ohio held extensive hearings and carefully considered the question involved. The Interstate

Commerce Commission worked with him. This is an important step forward in strengthening the common carrier system of the United States.

MR. THURMOND. Mr. President, I, too, thank the distinguished Chairman of the Committee on Commerce for his statement on this matter.

THE VICE PRESIDENT. The question is on the engrossment of the amendment and the third reading of the bill.

The amendment was ordered to be engrossed, and the bill be read a third time.

The bill (H.R. 5401) was read the third time, and passed.

MR. MANSFIELD. Mr. President, I ask that Senate bill 1727 be indefinitely postponed. I understand that will remove it from the calendar, as well.

THE VICE PRESIDENT. Without objection, Senate bill S. 1727 is indefinitely postponed.

ADDITIONAL COSPONSORS OF S. 2180

MR. MANSFIELD. Mr. President, I ask unanimous consent that S. 2180 may lie at the desk until July 15, so that additional Senators may have the opportunity to cosponsor the measure. I do this at the request of the Senator from Wyoming [MR. MCGEE].

THE VICE PRESIDENT. Without objection, it is so ordered.

NATIONAL WHEAT MARKETING REFERENDUM

MR. MANSFIELD. Mr. President, I ask unanimous consent that the Senate proceed to the consideration of Calendar No. 411, H.R. 9497.

THE VICE PRESIDENT. The bill will be stated by title.

THE LEGISLATIVE CLERK. A bill (H.R. 9497) to extend the time for conducting the referendum with respect to the National Marketing Quota For Wheat for the marketing year beginning July 1, 1966.

THE VICE PRESIDENT. Is there objection to the present consideration of the bill?

There being no objection, the Senate proceeded to consider the bill.

MR. YOUNG of North Dakota. Mr. President, the bill would extend from August 1, 1965, until 30 days after the adjournment sine die of the first session of the 89th Congress the time within which the Secretary of Agriculture is required by law to conduct a marketing quota referendum with respect to the 1966 crop of wheat. I ask unanimous consent that an explanation contained in the report be printed in the RECORD.

There being no objection, the explanation was ordered to be printed in the RECORD, as follows:

The Agricultural Act of 1964 provided for voluntary wheat marketing certificate programs in 1964 and 1965. In the absence of

further legislation the law providing for mandatory marketing quotas will be applicable to the 1966 crop, and marketing quotas for that crop have been proclaimed and must be submitted to a produced referendum not later than August 1, 1965. However, both the Committee on Agriculture and Forestry of the Senate and the House Committee on Agriculture are actively considering bills providing for voluntary programs, and passage of any of these bills would make the referendum unnecessary. Passage of the bill could therefore result in avoidance of an unnecessary referendum, the costs attendant thereto, and the confusion which might well result therefrom.

THE VICE PRESIDENT. The bill is open to amendment. If there be no amendment to be proposed, the question is on the third reading and passage of the bill.

The bill (H.R. 9497) was ordered to a third reading, read the third time, and passed.

LEGISLATIVE PROGRAM

MR. KUCHEL. Mr. President, will the able majority leader yield?

MR. MANSFIELD. I yield.

MR. KUCHEL. Will the majority leader indicate what exertions he contemplates using in next week, on Monday, Tuesday, and thereafter, if he can?

LEGISLATIVE APPROPRIATIONS—1966

MR. MANSFIELD. Mr. President, I ask consent that the Senate proceed to the consideration of Calendar No. 410, H.R. 8775, making appropriations for the legislative branch.

THE VICE PRESIDENT. The bill will be stated by title.

THE LEGISLATIVE CLERK. A bill (H.R. 8775) making appropriations for the legislative branch for the fiscal year ending June 30, 1966, and for other purposes.

THE VICE PRESIDENT. Is there objection to the present consideration of the bill?

There being no objection, the Senate proceeded to consider the bill, which had been reported from the Committee on Appropriations, with amendments.

MR. MANSFIELD. This will be the pending business.

ORDER FOR ADJOURNMENT UNTIL 11 A.M. MONDAY, JULY 12, 1965

MR. MANSFIELD. Mr. President, I ask unanimous consent that when the Senate completes its business tonight, it adjourn until 11 o'clock a.m. on Monday next.

THE VICE PRESIDENT. Without objection, it is so ordered.

LEGISLATIVE PROGRAM

MR. MANSFIELD. Mr. President, on Monday, the first order of business will

be the bill making appropriations for the legislative branch.

That bill will be followed by Calendar No. 372, H.R. 7997, making appropriations for sundry independent offices, executive bureaus, boards, commissions, corporations, agencies, and offices for the fiscal year ending June 30, 1966. The bill will be in charge of the chairman of the Committee on Commerce, the distinguished Senator from Washington [Mr. MAGNUSON].

That bill will be followed by Calendar No. 409, H.R. 8370, making appropriations for the Department of Agriculture and related agencies for the fiscal year ending June 30, 1966.

That bill will be followed on Wednesday, I assume at this time, by Calendar No. 366, S. 2213, the so-called housing bill.

In between and afterward, we shall try, mutually, to bring up other pieces of legislation for consideration, if time allows.

Mr. KUCHEL. I thank the able Senator from Montana.

COPPER TRAY PRESENTED BY THE OFFICIAL REPORTERS OF SESSIONS OF THE SENATE OF CHILE TO THE OFFICIAL REPORTERS OF DEBATES OF THE U.S. SENATE

Mr. YARBOROUGH. Mr. President, recently, when I visited the office of our official reporters of debates, I observed, prominently displayed in a handsome glass and mahogany case which is placed upon the carved marble mantel in that room, an especially beautiful copper tray which bears the following inscription in Spanish:

Del personal de la Redaccion de Sesiones del Senado de Chile a sus colegas del Senado Norteamericano—1964.

The translation into English is as follows:

From the personnel of the Reporters of Sessions of the Senate of Chile to their colleagues of the North American Senate—1964.

I take great pleasure in holding the tray in my hands at this time, for all to see.

Mr. President, this is a tribute to the aid that our able official reporters gave to the reporters of Chile.

Upon making inquiry, Mr. President, I was informed that the presentation of this gracious gift to our reporters of debates followed a visit which Dr. Rene Vuskovic Braco, of Santiago, Chile, one of the reporters of sessions of the Senate of Chile, made to the U.S. Senate.

Mr. President, at a time when so much thought and attention are being devoted by all men of goodwill to the increase of international friendship and understanding, it is, indeed, inspiring to observe this quiet, but most impressive, manifestation by our friends in Chile of their warm friendship, goodwill, and high regard for their counterparts in the U.S. Senate.

I am hopeful that people at other levels of the U.S. Government will practice the same good-neighbor relationship toward Latin America that our kindly, able reporters have done, as is exhibited by the token of friendship presented to them by the reporters of Chile.

I know that I voice the sentiments of all Members of the U.S. Senate when I extend to these distinguished citizens of our sister Republic in the Southern Hemisphere our heartfelt and sincere appreciation of this lasting token of their enduring friendship.

Mr. President, I ask unanimous consent to have printed at this point in the RECORD the text of the letter sent by our official reporters of debates, Mr. Gregor Macpherson and Mr. Herbert N. Budlong, to the reporters of the Senate of Chile.

There being no objection, the letter was ordered to be printed in the RECORD, as follows:

BY AIR MAIL

JANUARY 4, 1965.

DR. RENE VUSKOVIC BRAVO,
Gay 1941,
Santiago, Chile.

DEAR DR. VUSKOVIC: Upon our return to the Senate today, following its period of adjournment, we and our colleagues were delighted to find the beautiful inscribed copper tray which you so kindly sent to the Official Reporters of Debates of the Senate of the United States of America.

We thank you very much indeed for your splendid gift, which warms our hearts. We shall have it permanently displayed in a prominent place in our office here in the Senate; and it will be a constant reminder of your friendship, which we value so highly.

Please be assured that we shall always be happy to welcome you here whenever you find it possible to visit us in the future.

Cordially yours,

GREGOR MACPHERSON,
HERBERT N. BUDLONG,
Official Reporters of Debates.

Mr. YARBOROUGH. I am especially glad to be able to invite attention to this token because of the exchange between the University of my State of Texas and the University of Chile, under which from 15 to 20 students from Texas spend 6 weeks each year in Chile, while students from Chile spend a time in the United States.

This kindly assistance and fine token of appreciation exchanged between legislative reporters of two democratic bodies in these republics will do far more to strengthen friendship between nations than any secret missions.

I congratulate our able Official Reporters of Debates.

SCENIC DEVELOPMENT AND ROAD BEAUTIFICATION OF OUR FEDERAL AID HIGHWAY SYSTEM

Mr. RANDOLPH. Mr. President, S. 2084 was introduced by the senior Senator from West Virginia on June 3, 1965. This measure was introduced on behalf of the administration and is more pop-

ularly known as the scenic development, road beautification of our Federal aid highway system.

It is my plan, as chairman of the Subcommittee on Public Roads, to open hearings on the bill. There are four proposals within the so-called important package that we shall consider. It is planned to open hearings on Tuesday, August 10.

I ask unanimous consent that the name of the distinguished junior Senator from Wisconsin [Mr. NELSON] be added as a cosponsor of the bill.

The VICE PRESIDENT. Without objection, it is so ordered.

COMMITTEE MEETINGS DURING SENATE SESSION ON MONDAY NEXT

Mr. MANSFIELD. Mr. President, I had forgotten to make the unanimous consent request earlier, but it has been cleared with the other side.

I ask unanimous consent that all committees may meet during the session of the Senate on Monday next until 12 o'clock noon.

The VICE PRESIDENT. Without objection, it is so ordered.

PROGRESS OF LEGISLATION

Mr. MANSFIELD. Mr. President, with the historic passage of the health care bill, the Senate has completed its work on the "big four" pieces of domestic legislation in which the President has been most interested. I refer specifically to the bills relating to Appalachia, aid to education, voting rights, and health care, the latter passed this evening. The Senate, in passing these important measures, has acted responsibly and efficiently on a vitally important domestic legislative program. I commend this entire body.

Special congratulations must be extended tonight for the fine work of the Senate on the health care legislation.

I think that it is only proper at this time to extend my sincere thanks and gratitude and my highest commendations to the distinguished manager of the bill, the able junior Senator from Louisiana [Mr. LONG], who did his usual tremendous job of steering the bill to a successful conclusion. He has managed many important bills on this floor and again this time, as always, he did so with unmatched skill.

I believe also that great honor should go to the distinguished Senator from New Mexico [Mr. ANDERSON], who has been, in many respects, the father of this particular legislation for so many years, and whose advice and counsel has been valued during all that time.

Particular mention should be made of the contributions of the distinguished Senator from Florida [Mr. SMATHERS], who did so much for the passage of this legislation, the distinguished Senator

Public Law 89-82
89th Congress, H. R. 9497
July 24, 1965

An Act

79 STAT. 258.

To extend the time for conducting the referendum with respect to the national marketing quota for wheat for the marketing year beginning July 1, 1966.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 336 of the Agricultural Adjustment Act of 1938, as amended, is amended by adding at the end thereof the following: "Notwithstanding any other provision hereof the referendum with respect to the national marketing quota for wheat for the marketing year beginning July 1, 1966, may be conducted not later than thirty days after adjournment sine die of the first session of the Eighty-ninth Congress."

Wheat.
76 Stat. 621.
7 USC 1336.

Approved July 24, 1965.

LEGISLATIVE HISTORY:

HOUSE REPORT No. 571 (Comm. on Agriculture).
SENATE REPORT No. 425 (Comm. on Agriculture & Forestry).
CONGRESSIONAL RECORD, Vol. 111 (1965):
July 1: Passed House.
July 9: Considered and passed Senate.
